## ROADS TO REDCLIFF ARE BEING GRADED

C. S. Pingle M.P.P. for Redcliff Over Ground and Decides To Buy Right-of-Way Where Necessary—Roads From West to Shorten Distance for Farmers—Good Work Done at Stair Dam.

Mr. Chas. Pingle, M.P.P. for this constituency, accompanied by E. Chudleigh and Jas. Fleming, were in town for a few hours yesterday. Mr. Pingle had just returned from a trip through the country north and west of Redcliff with a view of acquainting himself with the wishes of the people in that district regarding the building of roads. Under Mr. Pingle's instruction the government has already graded up a number of roads leading into Redcliff, and this work was continued until the river and valley were interfered with the progress. It was with the hope of finding some way around these obstacles Mr. Pingle was out over the country. Our member assured the Review that this work will be continued right into town, and in order to make this possible the government will buy a right of way between sections 14 and 22 and sections 16 and 22. This will escape the hills and river, making the road come out at Baker's Corner, then on to the road to the north and then through Arlington.

When the road is completed it will give the farmers to the west a more direct route into town, and will save the distance for most of them by about four miles.

The government has also been doing some good work on the north roads, and have spent about \$500 on the bridge and approaches at the Stair dam.

Mr. Pingle also assured us the government would do some work on the

C. S. PINGLE, M.P.P.

main road between here and Medicine Hat this fall, when it could be done to better advantage. He felt sure the government was willing to do it, and was waiting this road in excellent shape just as soon as the two towns were in a position to do their share.

When asked about the ferry across the river which the Review has constantly advocated, Mr. Pingle said he realized the importance this was to the town of Redcliff, and he would keep at the government till he got it. Unfortunately this ferry concerns two different constituencies, and the trouble has been to satisfy both.

With this programme of road making completed, Redcliff should be the market town for numerous farmers who have hitherto gone elsewhere.

## PAY YOUR TAXES AND GET ABATE

Wednesday, Sept. 23rd, will be the last day for the payment of taxes in order to get the ten per cent. discount. All who possibly can should take advantage of this discount offer. It will not only save you money, but it will also be a big help to the towns and their present financial condition. Every one should do his part to help keep the wheels of development in motion.

## Redcliff Reservist Nearing London

We are in receipt of the following letter from Ed. Scott, one of the boys from Redcliff, who was among the reservists:

S. S. Buchanan, at Sea, 24th September, 1914.

Sir—Just a note to let you know I am nearing London on board the "S.S. Australia," after having been in the service since Wednesday, 26th Aug. As to-day is the 15th September, with another two days at sea, it will be understood we are not unduly long in reaching the record in "crossing the pond." The boys who left Redcliff in advance of me, waiting this road in excellent shape just as soon as the two towns were in a position to do their share.

When asked about the ferry across the river which the Review has constantly advocated, Mr. Pingle said he realized the importance this was to the town of Redcliff, and he would keep at the government till he got it. Unfortunately this ferry concerns two different constituencies, and the trouble has been to satisfy both.

With this programme of road making completed, Redcliff should be the market town for numerous farmers who have hitherto gone elsewhere.

## COLLECTION ON: TAG DAY \$83.50

Ladies Pleased With Result and Extend Thanks—Sons of England Donate \$10.00—Ladies Will Sell Review Next Week

The result of the Tag Day collections which was undertaken by the ladies of the town and held last Tuesday, was most satisfactory. From the house to house canvass and the street collections the ladies collected \$73.50. When it is remembered that the donation asked were help for small amounts the ladies consider it a most liberal collection, and they are to be congratulated for the success of their undertaking.

Besides the above amount, the Sons of England donated \$10.00, bringing the total up to \$83.50. The ladies will run through the Review to thank all who contributed and gave their assistance, and especially the S.E.E. Society for their liberal donation.

The ladies organization has accepted the offer of the Review to give the proceeds of the sale of the street sale of next week's issue to this fund, and will have an army of new girls on the street selling papers next Friday at four o'clock.

## FINED FOR NOT SECURING LICENSE

An interesting case was up in the police court yesterday, when J. M. Gallon was summoned to appear charged with non-compliance with the town bylaw regarding the drivers' license. Gallon has the contract for carrying gravel and said to the new Royal Bank building, and as in this he is entering into competition with local drivers, who are required to pay a license, he was requested to pay the license required by the bylaw. The case was heard before Magistrate Henderson and Mayor Bitt. The defendant, who was represented by E. B. Henderson of Medicine Hat, claimed the bylaw did not cover this particular case, but the court thought otherwise, and the defendant was fined \$10.00 and costs.

## C. P. R. TRAIN SERVICE CHANGES SUNDAY

We have just seen a copy of the new train time table of the C.P.R. which goes into effect next Sunday at midnight. According to the new schedule, Redcliff will have two passenger trains each way a day, with two mail trains west and one east. Numbers 13 and 14, which previously have been the Seattle-St. Paul business, have been taken off, but this business will be handled in future by Nos. 2 and 3, both of which are flag for Redcliff. This will mean that in future it will not be necessary to get to Medicine Hat to catch these trains.

The following is the schedule as far as Redcliff is concerned:

Westbound	Eastbound
No. 3, due 12:45—stop	No. 1, due 23:05—flag
No. 2, due 6:15—flag	No. 4, due 23:54—stop

Although No. 1 is scheduled as a flag for here it will carry mail, and will be handled by a crane on occasions when it is not necessary to stop. Judging from past experience, the Redcliff shunt will be very few times when it will not have to stop either to take on or put off passengers.

## CANADA'S GIFT TO RED CROSS SOCIETY

It was unofficially learned that \$50,000 and two carloads of commodities for the Red Cross Society's fully equipped hospital of 1,000 beds, constitute the contribution to date of the Red Cross Society to the parent body in Britain. These contributions have all been sent to the head office of Canada in Toronto.

## THREATING WITH THE EMERGENCY ACT

An article in the Canada Gazette announces that "It is contrary to law for any person resident in British dominions to trade or have any commercial or financial transactions with any person resident or carrying on business in the German Empire or Austria-Hungary without permission of the authorities."

BRITISH NAVAL LEADER

Rear-Admiral Sir Christopher Cradock, commander of the fourth cruise of the Royal Navy. He served in China in 1900 and commanded the British squadron off Mexico during the recent troubles.

## FRENCH ENGAGE IN FIERCE FIGHT

Are Making Some Progress—Germans Have to Call on Reinforcements—Russians in Possession of Galicia and Take Important Forts.

The latest news we have been able to receive before going to press is to the effect that there is very little change in conditions among the main armies.

The French left wing has been engaged in a fierce battle since the 16th, and the Germans were also attacked at Tergier and St. Quentin, and found it necessary to call on assistance from their troops at Lorraine.

In the centre the French made great progress east of Reims. It is officially announced that the Germans are again bombarding the city of Reims.

The Russians have complete possession of Galicia, and have taken the two very important forts of Jasin and Brimny.

## South Africa Comes To Empire's Assistance

The decision of General Botha, premier of the Union of South Africa, to take the field personally in command against the forces of Germany, has aroused much enthusiasm throughout the Empire. The government in its announcement says it is aware that many citizens are anxious to serve with the British forces on the continent, but the imperial government considers that priority should be given to the South African military requirements. Natal and Orange Free State will contribute their quota to Gen. Botha's army.

## UNDERWRITERS REPORT ON REDCLIFF

We have just received a copy of the report of the Underwriters' Association report on Redcliff.

The report of the Inspector is very favorable. He comments on the substantial buildings in the mercantile district, and says they are much better than usually found in a town of this size. The building policy is reported on favorably, as is also the gas system.

The latter part of the report may be considered considerably improved and is under competent supervision. In dealing with the business district, the report says "There is practically no conflagration hazard. The water supply is reported as adequate, and while some additional equipment is suggested for the fire brigade, it is otherwise reported as favorable."

## THANKSGIVING DAY RATES

Thanksgiving day rates announced by the C.P.R. are a fare and a third for the round trip west of the Great Lakes. Good going Oct. 31st to 12th and returning on the 14th.

## GIRLS WILL SELL REVIEW NEXT WEEK

Ladies Organization Accept Offer of Review—All Returns From Street Sales Go to Relief Fund—Review Donates Papers Free of Charge.

The joint ladies' organizations of the town have accepted the offer of the Review to give the proceeds of the street sales of next Friday's edition to the Relief fund, and in order to take full advantage of this offer and make a clear profit, a number of young girls have offered their services to act as news girls. Next Friday, therefore, instead of the usual boys selling the Review on the streets there will be a lot of girls.

The Review donates the papers for this purpose absolutely free to the girls, so that all the money taken in will go direct to this fund.

This undertaking will be something new for the girls, and will carry with it, besides a certain amount of harassment. The Review would not have made this offer if it had not felt sure that the girls would be ready to go to the girls with the kindness and courtesy they deserve in undertaking this work. We know it is not necessary to ask our readers to liberally patronize them, and we feel sure they will be ready to do so.

Watch for the girls next Friday and you will be ready. You will not offend the girls if you tell them to keep the change.

## CANADIAN TROOPS SAIL FOR THE FRONT

The major part of Canada's contingent for service in Europe is already on its way to the front in transports heavily armed and guarded by British men-of-war. It is a steady stream to prevent any attack by German cruisers.

Flot of war vessels, consisting of battleships, cruisers and destroyers have been gathered at Quebec, by Admiral Wemyss and other warships off at sea. The transports will be loaded there, and will be sent to the front in the direction of Quebec from the camp. As the transports were loaded they were already being sent up, forming a practically strong protective force for the various groups.

All the transports carry heavy guns. A large proportion of the infantry and all the artillery with much of the equipment have already departed. The departure of the remainder will quickly follow.

## Retailers Should Buy Goods In Empire

The Winnipeg Retail Merchants Association passed the following resolution at its session this week:

"Whereas this country, as a part of the British Empire, is at war with Germany and Austria through the national action of the military facilities in Germany violating their solemn pledge to respect the neutrality of the British Empire, and whereas the British Empire would materially strengthen these pledges to us by the meeting of the Winnipeg branch of the Retail Merchants' Association of Canada, Incorporated, recommended to all retail merchants to abstain from buying and selling goods made in Germany and Austria, and to deal in goods made in the British Empire, and those countries which are friendly to the British Empire, and to refrain from civilisation and humanity against the spirit of brute force as personified by the Kaiser."

## BRITISH SHIPS SUNK

The destruction of three cruisers, Abasco, Hogue and Conroy, by an attack of five German submarines in the North Sea was the severest loss the British navy has sustained during the war. Three cruisers and torpedo boats came quickly to the assistance of the doomed vessels, and all the ships were rescued, and the three others escaped.

## REBEKAHS HOLD SUCCESSFUL SOCIAL

Had Large Turnout And All Enjoy Event—Excellent Evening's Programme—Young Men Want More

The sociable evening given by the members of the Rebekah lodge was a great success for every standpoint.

There was a good turnout and all entered heartily into the spirit of the occasion. The first part of the evening was taken up with progressive whist. Mr. H. A. Ireland acted as master of ceremonies for this part of the programme, and carried it very successfully through. After the whist a musical programme was rendered. Songs were sung by Miss Sharvin and Miss McKay in their usual pleasing style, and a violin solo rendered by W. Hamilton.

Miss Brown acted as pianist. An interesting address was delivered by E. Washburn, in which he reviewed the aims and objects of the society, and gave an account of its rapid growth since the first year. It was instituted over sixty years ago.

Dainty refreshments were served by the Rebekahs, after which the young folks spent a pleasant hour dancing.

A thoroughly enjoyable evening was spent throughout, and the wish was heard on all sides that these young ladies would have many more such evenings during the fall and winter months.

## WILL SEARCH FOR FIREARMS

An order has been received by the chief of police of Medicine Hat to search the houses of all Germans and Austrians for firearms. The police will take no action against those who voluntarily bring firearms of any kind in to the police station, but desire to warn those who have them that action will be taken against those who are found in possession of them in their houses and that the penalty is a fine of \$100 and three months' imprisonment. All Germans and Austrians claiming to be naturalized will be required to show their naturalization papers.

## Personel of Relief Committee Selected

Following up the decision arrived at at the meeting held last Thursday for the purpose of organizing a local relief committee, representatives from the different churches have been appointed to act on the committee. Chairman Aswell has been named in the following names:

Town Council—Councillors McLachlan and Ireland.

Presbyterian Church—Rev. G. I. Gordon and W. Henderson.

United Church—Rev. H. C. B. Gibson and E. Werts.

Representatives from the Catholic and Baptist churches have not yet been named.

This committee will have charge of the relief work in town, and will investigate all cases brought to their attention. This work will be conducted in a business manner.

The committee have opened up an account in the Imperial bank, and when all funds collected or donated for this purpose are in they will have in the neighborhood of \$100.00.

## Conservation Com. Gives Good Advice

The following warning from the Commissioner of Conservation for Canada is very timely:

The outbreak of the war in Europe and the consequent demand which is naturally to be expected for increased exports of many kinds of Canada's products has been a very much demanded condition as regards live stock.

As a result of the removal of the American tariff on live stock, and the consequent demand which is naturally to be expected for increased exports of many kinds of Canada's products has been a very much demanded condition as regards live stock.

As a result of the removal of the American tariff on live stock, and the consequent demand which is naturally to be expected for increased exports of many kinds of Canada's products has been a very much demanded condition as regards live stock.

The meat industry in Canada should not be allowed to divide, rather, the production of hogs, sheep and cattle on Canadian farms should be greatly increased. To obtain this increase does not mean that farmers should devote their whole attention to live stock. The majority of farmers will find that with very little extra effort and expense they could increase by several head the live stock on their farms without in any way interfering with their present system of farming.

## REDCLIFF FREIGHT SHIPMENT GOOD

J. H. Holstad, district freight agent for the C.P.R., was in town last Tuesday on a tour of inspection. He expresses himself as well pleased with the volume of export business done from this point during the past season of depression, and looks for a big increase from our manufacturing plants in the near future.

Some of our readers will, no doubt, be surprised to learn that notwithstanding the sluggish condition of the rest of the country, the export industries have been putting on a fairly good showing. During the whole summer season up to the present our manufacturing plants have been shipping out on an average of four car loads of goods daily to the west and later. During the last few weeks the average has been slightly increased.

According to Don's latest report trading conditions in Canada, especially the country districts, is steadily improving, and the outlook is decidedly bright.

The contribution of the members of Alberta's civil service to the Patriotic Fund will amount to eight thousand dollars per month.

The hand will give an open air concert on Saturday evening. They will play a few tunes at several of the main corners in town.

One thousand wheat laden cars are arriving daily at Port William and it is expected that this rate will be kept up for the next two months.

Mr. M. L. Gordon, who has been visiting his parents, Rev. and Mrs. G. L. Gordon, for the past few weeks left last Tuesday for Portland, Ore.

The Calgary Board of Trade advise farmers to sell only choice hogs as the flooding of the market with poor stuff will soon spoil the market.

Gaieties in the Prince Albert district are donating to the patriotic fund. Those who have not the cash are giving wagon loads of vegetables.

We are sorry to report that D. P. R. Robertson, furniture dealer of this town, who has been on a business trip to Manitoba, is now seriously ill at Meriden.

Mrs. L. Bjervold and family leave today for Minneapolis to join Mr. Bjervold, who has secured employment in one of the large iron mills of that city.

With the German right wing, the Austrian flank and the whole Turkey, reliance among the Allies should be very satisfactory for a Thais giving dinner.

Dr. Wall, of this town, addressed the young people of the P.M.A. Club, Church, Medicine Hat, last night in "The Churches' duty towards the present war crisis."

Mayor Bott is building an addition to his office on Fifth street. It is whispered around that the addition will be large enough to furnish ample accommodation for two.

Mr. C. F. Jamieson, of Medicine Hat, who has been on a business trip east, returned home last Monday. He was a visitor in Redcliff yesterday, and paid the Review a visit.

Mrs. Dundas has just taken over the American dining room as mentioned in our last issue, but instead of an increase of the cuisine department of the Redcliff hotel.

The excellent weather of the past few weeks has allowed thrashing operations to proceed very rapidly, and it is now estimated that about two-thirds of this work is now finished.

Miss Levers is showing a fine line of ladies' trimmed hats for \$5.00. She is also showing a few socials in children's hats. Call and see them. The parlors are open till 8.15 every evening.

The employees on the Duke of Sutherland's lands at Brooks have given one day's pay to the Canadian Patriotic Fund. The Chinese cook who arrived on his farm in Saskatchewan, "Me no likes Germans."

C. Gibson, dominion inspector of weights and measures, with his team, arrived at Redcliff, was in town yesterday on a trip of inspection. He reports having found everything in a satisfactory condition here.

A comet in the northwest sky has been quite visible for the last few evenings. It may be seen just below the two stars in the bowl of the big dipper. The comet is very dim and at times is hardly noticeable.

The Duke and Duchess of Connaught and Princess Patricia visited the camp at Valcartier last Sunday and were present at a great review of nearly all the troops, the men on parade numbering not less than 25,000.

W. T. Lockwood, who has been in the east for the past few weeks on business, returned home to Redcliff last Saturday. He will start house-keeping in his new quarters in the lockwood block, on Broadway.

Congress Bros. have finished the excavation work for the new Royal Bank building, and men are now engaged in putting in the concrete foundation. The contractors, Messrs. Hotson, Lender & Goode, intend to proceed at once with the superstructure.

We are in receipt of a letter from R. B. Bennett, secretary of the Canadian Red Cross Society, announcing a joint meeting to be held in Calgary on Sept. 30, to re-organize Alberta branch of the society. It is urgently desired that every part of the province be represented.

Word has been received from Valcartier to the effect that Constable Washford and E. C. Daniels are both company corporals. This is an exceptionally good showing for our town when it is remembered that there are so many officers now looking for such appointments.

E. Brydell, who was working in B. C. for a few months, returned to Redcliff and will go into partnership with Mr. Murphy in the blacksmithing business. Since he left here Mr. Brydell has struck worse places than Redcliff, and says he is glad to get back again.

We are told that on tag day a young man went into a store and asked for a sample of red ribbon. He glared at his coat in order to avoid the tag girls, then went and bought himself an ice cream cone. His charity evidently begins and ends with his own stomach.

The sociable evening given by the

W. A. of the English church in the parish hall last night was a most successful affair. There was a good crowd in attendance, and a pleasant evening was spent. After the whist drive a musical programme was rendered, and that the refreshments served.

In our last issue we stated on authority of one of the local officials that all labor and material for the new Royal Bank building was to be secured in Redcliff. Since then we have been informed by Mr. Holman, one of the contractors, that while he will try to do this as far as possible he is not to this as far as the work in the contract.

Mr. Gordon, of High River, was a visitor in town this week. Mr. Gordon has considerable property in and around Redcliff, and is well pleased with his investments. He feels that in view of the possibilities for future development in the west Redcliff is right in line to be among the first to profit by the development.

Mayor Bott has received word that thrashing operations have been completed on his farm in Saskatchewan, and that the grain is turning out much better than was at first thought. It is all of a good quality and is being stored from 15 to 25 bushels to the acre.

The new rotary which is being built here is now rapidly reaching completion. The boilers have been installed and all the glass placed in position. Work on the interior of the building is now being done, and it is expected that everything will be in readiness to start sowing seeds in a short time.

The new winter time table on the C.P.R. goes into effect on Sept. 27. It is expected that last winter's schedule will be adopted again this year. This will mean the trains from the east will arrive here about noon and from the west about 12 o'clock. These will probably be the only two small trains.

On several different occasions during the past few weeks, some of our citizens report having seen an airship pass over town. In all cases it passes either early in the morning or late in the evening. There might be some excuse for seeing things in the evening, but we can't account for the early morning vision.

So satisfactory was the work accomplished by the vacant lot garden club of Calgary this summer, that it is their intention to have at least one thousand vacant lots plowed up before winter sets in, in order to have it in readiness for next spring. There are a few vacant lots around Redcliff that might be used for this purpose, and the people would be glad of the vegetables next winter.

While motoring to the Hat last Tuesday, Mr. F. Baird met with an accident which only miraculously escaped being fatal. When rounding the curve at the foot of the hill his car took to the ditch and turned over completely. Fortunately Mr. Baird was thrown clear of the car, and escaped uninjured. Beyond breaking the wind shield the car was not otherwise damaged, and is still able to make it noiseless (?) trip up and down town.

The picture show at Maple Hall last Wednesday afternoon and evening, was one of the best shown in Redcliff for some time. The title of the film was "Sixty Years a Queen," in which the life of Queen Victoria was shown on canvas, giving her life and important works from the time she was first crowned up till her death. A large crowd of both adults and children attended both performances and all thoroughly enjoyed the pictures. If more of these films of an educative nature were secured all the picture shows would be much better patronized.

Knox Magee, editor of the Windsor Saturday Post, was arrested this morning on publishing an article in his paper criticizing the work of officials at Valcartier. It seems strange that German papers are allowed to publish all kinds of articles critical of and condemning the Empire, and Henri Durrans allowed to conduct his office of criticism in Quebec unmolested, while good loyal papers like the Post which has done so much for the Empire are being persecuted by the conservative young-men to militia, is held up.

## WAR NOTES

Paris, Sept. 19.—It is estimated that the losses at the battle of Marne were 60,000 of the Allies and 100,000 Germans.

Rotterdam, Holland, Sept. 23.—An article appearing in the Norddeutsche Allgemeine Zeitung, which has been copied in the Dutch papers, treats of the effect of the war on the trade of Germany and points to the possibility of making use of the ports of neutral countries in the carrying on of Germany's export trade.

London, Sept. 23.—The German Empire has taken up its quarters in Luxembourg, according to a Paris dispatch to the Exchange Telegraph Co. Thousands of troops are stationed around the location where conditions to guard against possible raids by French aviators a squadron of aeroplanes is constantly ready to be sent off to attack.

In the fighting around Rheims, the matter of great general interest has been the destruction of the famous cathedral, one of the most noted structures in the world, dating back to the 13th century, which is reported to have first been pierced by many German shells, and then to have burst into flames. Against this destruction of the cathedral, the French government has decided to send through great channels a protest to all the powers.

An official statement from Petrograd says that the Russians are bombarding the strong Austrian fortress of Premysl. It also reports the repulse of the Austrians with heavy losses, near Baranov and Radomir, in Galicia.

London, Sept. 23.—The senate of Cambridge university has invited the Catholic university of Louvain, Belgium, to move to Cambridge, there to continue its own separate studies, grant degrees and generally to pursue its activities as at its own foundation. Cambridge university would supply the technical facilities for carrying out this work.

Montreal, Sept. 23.—Aviator Jannay, bringing a hydroplane from Hammondport to Valcartier camp, followed the course of the Richelieu river, and reached Chambly this morning.

Valcartier Camp, Sept. 23.—Three deaths have occurred in the Quebec military hospital of soldiers who were in training at the camp. Lieut. Kellett, of Brandon, died, yesterday of heart disease and will be given a military funeral on Monday. Private Wellesley, of the 7th Seaforth Highlanders, Vancouver, and Private J. Insley, 10th regiment of Edmonton, succumbed to pneumonia, each after an illness of short duration.

There already are said to be a million Russians in Galicia and a half million in East Prussia. While these numbers seem enormous, they are considered probably a fair estimate of what Russia will soon have available of war it is said she will soon have 7,000,000 men on the move.

400 FOREIGN PRISONERS  
There are now only about 400 German and Austrian prisoners detained in Canadian prisons. Over two hundred of these are at Kingston. Some thousands of German and Austrian deserters, who were arrested, have been allowed out on parole. These have undertaken to go about their business peacefully and to make no attempt to leave Canada.

## FRENCH PRESS SEES DISASTER IN PEACE

The reported project of mediation by the United States among the warring nations has elicited much public and newspaper comment in Bordeaux.

"Germans, who are numerous in America, perhaps thought to render service to their Empire by stirring up divisions, but America sees through this game and has already given its verdict."

"This is disaster greater than war. A nasty, deceptive peace would give our people a breathing spell which would enable Germanic militarism to prepare its revenge and a war worse than the present."

WAR EFFECTS DRUG PRICES  
The war seems to have caused more disturbance in the drug trade than in any other line of business. A large number of chemicals are made in Germany, while Austria and France supply the great bulk of brushes, pens and other stationery.
